

Leilani Arendell **Vice President, Logistics**

A seasoned supply chain expert, Leilani's broad experience in domestic and international transportation augments her in-depth understanding of industry trends, government regulations and process efficiency. Leilani launched TransPak's logistics operation in 1998 and since then has driven double-digit revenue growth each year.

In addition, Leilani manages TransPak's warehousing operation and, by earning a CCSF certification, enabled multiple unique solutions for TransPak's importers and exporters for their freight, general pick and pack operations as well as warehouse fulfillment. Certified as a Specialist in Customs Export & Import Procedures, TSA Air Cargo Screening for physical, x-ray technology ETD systems, and training, Leilani leverages her expertise to ensure seamless supply chain management.
