

Rene Corona, CPP **Managing Director - Singapore**

Rene brought robust background and international expertise when he joined the TransPak team in 2004. With over 28 years in the Packaging and Crating industry, Rene's experience spans from hands-on production to engineering and design all the way to sales, where his performance drove record-breaking levels. Rene played a pivotal role guiding international operations and has managed facilities in Mexico and Taiwan. Now in Singapore, Rene opened TransPak's Singapore facility and manages the operation.

Rene holds a Packaging Technology certification from San Jose State University in San Jose, CA as well as one in Packaging Engineering from Lansmont Engineering in Monterey, CA. He is a proud member of the Institute of Packaging Professionals and is certified as a Packaging Professional and also in Hazardous Material Packaging.
