

Tony Ku **Managing Director, Korea**

Tony joined TransPak in 2009 and he came on board specifically to manage offices and facilities in Korea. He brought a wealth of background in high-tech crating and packaging expertise to bear to ensure smooth operations and customer satisfaction. Prior to TransPak, Tony worked at global freight forwarding company for 10 years, a key player in the logistics industry in Korea. Tony honed his experience by providing valuable logistics services such as ocean/ air forwarding, warehousing (3PL) & heavy/ oversize bulk traffic to globally recognized brands doing business in sales.

Tony graduated from Hanyang University and majored in Transportation Engineering. This technical & principle knowledge provides a base for expertise at the practical level and helps Tony develop customized solutions for his customers.
