**TRANSPAK EXPANDS BUSINESS
IN ASIA WITH NEW TAIWAN OFFICE**

San Jose, Calif. (April 15, 2008) – TransPak, the worldwide market leader in crating, packaging and logistics and the only company in the industry to specialize in all three services to deliver quality, state-of-the-art, door to door solutions to its manufacturing partners, today announced that it has opened its second international satellite office in Tainan, Taiwan.

“Our long-term customers continue to expand in Asia and we are prepared to service them wherever they go,” said Bert Inch of TransPak. “Taiwan has long been a key electronics manufacturing region and being able to service those companies is fundamental to our strategic plans. Our customers are looking for worldwide consistent quality and we are prepared to provide that in the crating and packing arena.”

By setting up its plant in the southern city of Tainan, TransPak can conveniently service many of the high-tech manufacturers in the Tainan Science-Based Industrial Park.

TransPak has been a key partner to leading technology companies for decades. Founded in 1952, the company is headquartered in California’s Silicon Valley and today provides custom crating, packaging, and logistics support to top companies in the semiconductor, aerospace, medical equipment, security, and solar industries.
